DUAL HINGED DOOR

Features

- Fully Customizable sizes
- Heavy-Duty Hinges
- Premium Handles
- Secure Multi-Point Locking
- No Threshold
- Rigid Aluminum Design

Door Summary

Engineered for mission-critical environments, the ColoAire Premium Dual Hinged Containment Door delivers secure, wide-aisle access with exceptional durability and precision construction. Featuring twin outward-swinging panels, this system offers unobstructed entry and maximized airflow control in hot or cold aisle containment systems.

Crafted from high-grade aluminum framing and impact-resistant polycarbonate panels, it's designed for longevity and consistent performance. Heavy-duty hinges and secure locking hardware ensure reliable operation under frequent use.

DUAL HINGED DOOR
